PROFESSIONAL EMPLOYMENT

Present Employment

Rehab Without Walls, 27 Presley Way, Crownhill, Milton Keynes MK8 0ES
Brain Injury Case Manager &
Educational Consultant 1998 - present

Mike has worked on a wide range of brain injury cases, but has increasingly specialised in cases of children and adolescents, where educational issues are of critical importance. His background in Observation & Assessment, and Special Needs Education, has given him a great deal of experience working with families and a wide range of professional services. He is increasingly working with mainstream schools to develop programmes tailor-made for each individual. Mike has been invited to join a National Working Party whose aim is to improve education resources for ABI.

Mike's experience in EBD has also led him to working with slightly older male clients presenting significant behavioural problems. Such work has led him to liaise with all

of the statutory services; several rehab units (open and secure), and the prison service.
